When you think of a museum, I bet you don't think of a place where children run around. But the Science Museum is different. It's noisy!

You can get to the Science Museum by going on the London Underground from Waterloo on the Jubilee line to South Kensington. When you walk out, take a look around you, and you could see it.

What to bring: at least two bottles of drink for the kids and 10 pounds to spend in the cafes. Entrance is free!

The most interesting part of coming here is to go to the kids' area, the Launch Pad on the 3rd floor. At busy times, you may have to wait in line, but staff will provide science. It should indulge(满足) you as you will learn about science in a funny way. There are also simulators(模拟装置) in the 3rd floor, so think of Floor 3 as a "fun floor".

第Ⅱ卷(共 40 分)

V. 任务型阅读(5 分)

Have you heard about “Survival(生存) Holidays”? “Survival Holidays” is for children to go into the lonely place for exciting activities. Now about 1, 100 companies are allowed to take children into the great outdoors without their parents.

The reason why people like “Survival Holidays” is that they think being close to

nature is good for children. Many children in big cities spend all time watching TV and playing computer games. "Survival Holidays" gives them an important change.

Is "Survival Holidays" a wonderful idea? Maybe it is. Children need more free time to play. They need to be left on their own, without adults disturbing(打扰) them. Parents care too much about their children. They like to see the children being busy with activities that are controlled by adults, but children don't know what to do when they are in danger. Even something like crossing a small river seems to be a hard challenge. Children are not comfortable with danger. Even small danger like getting their feet wet or falling down seems very terrible to them.

Many people think the survival activities are good for children. Even years later, they will still remember what they have learned. Some have learned to stay calm in different times. Some have learned how to keep safe. Others have learned how to work in a team. All these skills will help them a lot in their lives.

A Perfect Holiday

Winter holiday is coming. I have many things to do. First, I'll finish my homework. As a student, study must come first. Second, I'll do some reading. I like reading novels, but I'm busy doing my homework on school days. Third, I'll do some sightseeing. I'll go to Sanya to swim in the sea. I'll make some sand animals on the beach. I think I can learn a lot from travelling. This is my perfect holiday. I'm looking forward to it.
