

# 秋日的小发现

秋天的校园特别漂亮，操场上落满了金黄色的叶子。我三年级的秋季学习生活开始了，每天都充满了新鲜感。开学的时候，老师布置了新的学习任务，我给自己定下了目标：每天认真预习新知识、完成作业不拖拉、尝试参加班级活动。

学习中，我遇到了一些挑战。英语单词记得不太牢，需要反复朗读，数学题有时候会做错。但我不灰心，会请教老师或者和同学一起讨论。语文阅读课上，我发现写日记和小故事真的很有趣，可以把心里的想法写出来，也可以练习表达能力。

在生活中，也有许多有趣的事情。课间我和同学们玩跳绳比赛，有时赢了，有时输了，但大家都很开心。还有一次，我帮同学找回掉在教室里的书包，他很感激我，我们的友谊也更深了。通过这些小事，我学会了关心别人，也体会到友情的温暖。

每当我完成了一项任务，就会感到特别满足。比如完成一篇小作文或者数学作业正确率提高了，我都会记录下来，给自己一点小奖励。通过坚持不懈的努力，我发现自己越来越有自信，也更愿意挑战自己。

秋天的学习和生活让我收获很多，不仅仅是知识，更是成长的快乐。我学会了自律、合作，也学会了欣赏身边的美好。秋天，就像一本丰富多彩的书，每一页都有新的发现和收获。

## Little Discoveries in Autumn

The campus in autumn is especially beautiful, with the playground covered in golden leaves. My third-grade autumn study and life have begun, and every day feels fresh and exciting. At the start of school, the teacher assigned new learning tasks. I set goals for myself: carefully preview new lessons every day, complete homework on time, and try to participate in class activities.

In studying, I faced some challenges. I had trouble remembering English words and had to read them repeatedly. Sometimes I made mistakes in math problems. But I didn't give up; I asked teachers for help or discussed with classmates. In Chinese reading class, I found writing diaries and short stories really fun. I could express my thoughts and also practice my writing skills.

In daily life, many interesting things happened. During breaks, I played jump rope competitions with classmates. Sometimes I won, sometimes I lost, but everyone was happy. One time, I helped a classmate find a backpack that had been lost in the classroom. He was very grateful, and our friendship became closer. Through these small acts, I learned to care for others and felt the warmth of friendship.

Whenever I completed a task, I felt very satisfied. For example, after finishing a short essay or improving my math accuracy, I recorded it and rewarded myself a little. Through persistent effort, I noticed I became more confident and willing to

challenge myself.

Autumn' s study and life brought me many rewards, not only knowledge but also the joy of growth. I learned self-discipline, cooperation, and how to appreciate the beauty around me. Autumn is like a colorful book, with every page bringing new discoveries and achievements.
