参考答案与解析

答案: Dear Mike, How is everything going? I'm glad to write to you about my new school schedule. This semester, we have some interesting subjects. We study Chinese, English, Math, Physics, Chemistry, History, Geography, and P.E. I really enjoy English because it's fun to learn new words and talk

with others. I also like P.E. because I enjoy sports and staying active. My favorite subject is History because I love learning about the past and different cultures. In the future, I want to be a teacher. I like helping others and sharing knowledge. I think being a teacher will be a meaningful job. Best Wishes! Yours, Wu Bin
