

根据短文内容简要回答下面的问题。

How much do you know about the school clubs in America? Do they have the same clubs as ours? Take Hill Top School for example. They have lots of clubs, such as the chess club, the sports club, the music club, the art club. And they also have some special clubs, such as the cooking club. It is very popular among the girls. They learn something about cooking, such as how to make cakes. And they always share (分享) the dishes in class. Another club is the carpenter club (木工俱乐部), and many boys join this club. They can make desks, chairs and even beds in the club. American students have more time for club activities every day. School is over at 3:30. They usually start the club activities at four o'clock. Sometimes, their parents come to see the activities. And they have a really good time together.
